- (5) The conditions and restrictions, if any, in the permit established by the town board for any permitted storage, maintenance, disposal, treatment, or discharge shall be reasonable restrictions and conditions to protect the public health, safety, and welfare of persons within the town and to limit or negate potential public nuisances caused by the permitted storage, maintenance, disposal, treatment, or discharge. The conditions and restrictions shall be stated in writing and attached to the written permit upon issuance by the town board.
- (6) The owner or occupant of the permitted premises is responsible for compliance with the conditions and restrictions in the permit issued regardless of whether the owner or occupant of the premises has any legal or equitable interest in the vehicles, structures, machinery, appliances, or equipment subject to the permit.
- (7) Permits for exceptions listed in Section 10(B)(1)(a)-(c) above shall be issued by the town board prior to the accumulation, storing, open storage, disposal, treatment, or discharge of items, waste, material, and maintenance of buildings in the Town subject to this Ordinance. Fees are designated in the most current Table of Fees (Addendum A) in the Town's Schedule of Fees and Citations (Forfeitures) Ordinance No. 2015-6 for permits issued on any real property of either two acres or less or two acres or more. Section 11 – Abatement of Public Nuisances/Permit Revocation

A. Inspection of Premises.

- (1) Whenever a complaint is made to the town board, town clerk, town chair, or any appropriate town committee or agent that a public nuisance under this ordinance or a violation of a permit issued under this ordinance exists within the town, the town chair, town committee, or other agents of the town board shall promptly inspect or cause to be inspected the premises complained of and shall make a written report of its findings to the town board, which report shall thereafter be filed with the town clerk and kept of record in the office of the town clerk. Whenever practicable, the town chair, town committee, or other agents of the town board shall cause photographs to be made of the premises for inclusion in the written report to the town board.
- (2) If the person subject to complaint holds a current permit under this ordinance, or any Town Building Permit or Junked Vehicle Permit issued under s. 175.25, Wis. Stats., and the town's village powers under s. 60.22, Wis. Stats., the town chair, the town committee or other agents of the town board may immediately request the town board to hold a public hearing to consider suspension or revocation of the permit for refusal to comply with the permit conditions and this ordinance. The town board shall hold a public hearing prior to taking any action to revoke or suspend a permit. The permit holder shall be notified of the public hearing

at least 20 days before the public hearing by the mailing by U.S. mail of a First Class notice letter to the last known address of the permit holder noted on the permit or permit application.

(3) The town board may, in the alternative to revocation, suspend any issued permit for a period up to 6 months. Any revocation shall be for a period in excess of 6 months and no reapplication can be received or acted upon by the town board for the premises or for the owner or occupant of the premises for any activity, use, or item prohibited by or requiring a permit under this ordinance during the revocation period.

(4) For any decision regarding the revocation or suspension of any permit, the town board shall determine and state the reason or reasons for any revocation, nonrevocation, or suspension of the permit based on the lack of compliance with the permit conditions and this ordinance by the permit holder or by any employees or agents of the permit holder. The reason or reasons for the decision shall be stated in writing and sent to the permit holder within 10 days after the decision by the town board by mailing by U.S. mail of a First Class letter to the last known address of the permit holder noted on the permit or permit application.

B. Owner of Premises Responsibility. Any owner or occupant of land in the town is responsible for compliance with this ordinance on the owner's or occupant's land regardless of ownership of and responsibility for the uses, activities, or things located on the land that is subject to this ordinance.

C. Summary Abatement.

(1) Notice to Owner. If the town chair, town committee, or other agents of the town board determine, by written notice to the town board, that a public nuisance exists under this ordinance within the town on private or public land and that there is great, immediate, and substantial danger or threat to the public health or safety, the town board, town chair, town committee, or other agents of the town board shall serve a written order upon the person who is causing, permitting, or maintaining the public nuisance, and the owner or occupant of the premises where the public nuisance is caused, permitted, or maintained. If immediate personal service cannot be made, one copy of the written notice shall be posted on the premises in a location likely to attract the attention of the owner or occupant of the premises or the person who is causing, permitting, or maintaining the public nuisance, and one copy of the notice shall be served by mailing by U.S. mail of a First Class letter to the last known address for the owner or occupant of the premises. The order notice shall direct the owner or occupant to remove the public nuisance within 24 hours and shall state that unless the public nuisance is so timely abated, the town may cause, due to the emergency conditions, the public nuisance to be abated and shall charge the costs of abatement to the owner, occupant, or person causing, permitting, or maintaining the public nuisance.

(2) Abatement by town. If the public nuisance is not abated within the time provided in the notice under paragraph 1 or if the owner, occupant, or person causing the public nuisance, if known, cannot be found, the town chair, the town committee, or other agents of the town board, with approval of the town board, shall cause the abatement or removal of the public nuisance by immediately seeking for the town a court order that allows for the immediate enjoinder and abatement of the public nuisance.

D. Abatement By Court Action. If the town board determines that a public nuisance exists on public or private premises but that the nature of the nuisance does not threaten great, immediate, and substantial danger to the public health or safety, the town board shall file a written report or its resolution of its findings with the town clerk who shall, after approval and filing of the report or resolution by the town board, take one or more of the following actions, as directed by the town board:

- (1) Issue and serve a written order to cease and desist the public nuisance upon the person causing, permitting, or maintaining the public nuisance and the owner or occupant of the premises where the public nuisance is located.
- (2) Issue and serve a citation for violation of this ordinance upon the person causing, permitting, or maintaining the public nuisance and the owner or occupant of the premises where the public nuisance is located.
- (3) Cause the town attorney to draft a formal civil complaint to be filed and served upon the alleged violators based upon an alleged violation of this ordinance or the conditions of any permit as issued or have drafted by the town attorney to be filed and served a formal complaint for abatement of the public nuisance under chapter 823, Wis. Stats.

E. Other Methods Not Excluded. Nothing in this ordinance may be construed as prohibiting the injunction and abatement of public nuisances against any person, including against a permit holder that holds a current and valid permit issued by the town under this ordinance, by the town or its officials in accordance with the laws of the State of Wisconsin or this ordinance.

Section 12 – Costs of Abatement or Disposal

In addition to any other penalty imposed by this ordinance for the erection, contrivance, creation, continuance, or maintenance of a public nuisance and violation of this ordinance, the cost of abatement of any public nuisance by the town may be collected under this ordinance or s. 823.06, Wis. Stats., as a debt or expense from the owner or occupant of the real property for causing, permitting, or maintaining the public nuisance. If notice to abate the nuisance has been given to the owner or occupant previously, the cost of abatement may be assessed against the real property for services rendered and incurred by the town to enjoin or abate the public nuisance as a special charge under s. 66.0627, Wis. Stats., unless paid earlier. If any vehicle, structure, equipment, implement, or appliance is abandoned or remains unclaimed in violation of this ordinance, the town board may proceed to declare this personal property abandoned and proceed to dispose of this personal property under s. 66.0139, Wis. Stats., by public auction or other means as determined in writing by the town board.

Section 13 – Enforcement Provisions

A. Penalties.

- (1) 1st Offense. Any person who violates this ordinance shall, upon conviction, forfeit not less than \$20.00 nor more than \$500.00 together with the costs of prosecution, and in default of payment of such forfeiture and costs of prosecution shall be imprisoned in the county jail until the forfeiture and costs are paid, but not exceeding 90 days.

B. Separate Violations. Each day of violation of this ordinance constitutes a separate offense.

Section 14 – Severability

If any provision of this ordinance or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this ordinance that can be given effect without the invalid provision or application, and to this end the provisions of this ordinance are severable.
