**Town Hall:** E6591 627<sup>th</sup> Avenue, Menomonie, WI 54751  
**Telephone:** (715) 556-5034 (Clerk)

January 29, 2021

## ***Reminders on Proper Cart Placement***

Proper cart placement will ensure collection of carts on collection day. Be sure to set your carts out the night before and place them with the opening of the lid facing the street. Carts should be placed in the driveway and not on the street. Please refer to the photo below, only one of these carts would be collected as the other three are placed backwards at the curb. Note that the carts are on the street, they can still be picked up but should be placed off the street. The automated truck has an arm that reaches out to grab the carts so there must be a three-foot perimeter around the carts to ensure the arm can reach around the carts to grasp them. The opening of the lid must also face the street to ensure the trash can be emptied into the truck, without damage to the cart. Here are three simple steps to be sure your materials are collected:

1. Place cart at the curb free of any obstacles the night before collection day
2. Make sure the opening of the lid faces the street, wheels and handle should face the curb
3. Leave a three-foot perimeter around the cart from other carts, mailboxes etc.

If you have materials that will not fit in the cart, please call Menomonie Disposal directly at 715.235.9511, and they can put a workorder in for the driver. If you consistently have overflow material, we recommend getting a second container or one of the large units. Please refer to the photo as an example.

If you have additional questions, please reach out to Deb Gotlibson at 715.505.9425 or email [sup1.townofredcedar@gmail.com](mailto:sup1.townofredcedar@gmail.com) or Menomonie Disposal at 715.235.9511.
